

WillCA Artifacts Summary

[Artifact #1: Integrated Guidance Application Board and Community Presentation.](#) This presentation was delivered at our March 2023 board of directors meeting to give the board, staff, families, visitors and community members an opportunity to see a draft plan of our application. This presentation along with the draft plan was sent to the board, staff, and families prior to the meeting and included a link to our website where anyone could go and provide feedback on the plan. Community Spectrum- Involve

[Artifact #2: Integrated Guidance Application Survey Results Summary.](#) This document shows a summary of the surveys conducted of our staff, parents, students, focal groups, school board, service provider and community members across the state of Oregon. It provided valuable insight into the strengths of the school and our opportunities for growth. Community Spectrum- Consult

[Artifact #3: Engagement and Listening Session Presentation and Summary Report.](#) We engaged in numerous opportunities for families, staff, students, community members and focus groups to discuss the purpose behind our application, ways we have used the funds in the past and how we might best use the funds in the future. We allowed our equity lens and survey results to inform our discussions and came away with valuable, actionable feedback. Community Spectrum- Collaborate

[Artifact #4: High School Success Meeting Agendas and Notes Summary.](#) Staff, families, students and community members were invited to participate in four meetings. We set a foundation using our equity lens to analyze relevant school data including pass rates, graduation rates, attendance rates, engagement activities rates, school demographic information, survey results, etc. We determined our greatest opportunities for growth and collaborated on outcomes, strategies and activities. Community Spectrum- Collaborate

[Artifact #5: Programs of Study Collaboration Brochure & Collaboration Results.](#) This is a brochure that was created as a result of collaboration efforts with our service provider, Pearson Virtual Schools. It shows the collaboration on a plan of action to move toward programs of study in Arts, Information and Communication, Business Management and Health Sciences. Community Spectrum- Consult
